

## **Vocational Education Update – Training Guarantee for SACE Students (TGSS)**

CESA has received an update from the Department of Innovation & Skills (DIS) relaxing the TGSS Work Placement requirements (70 hours unless stipulated otherwise by the training package). That 'in the current environment, students do not have to complete the 70 hour work placement under TGSS where it's not a requirement of the course'. This information should allow TGSS students to focus on their VET learning and their SACE subjects.
